

## Professor Bradford Parkinson

Dear Honorary Doctor,

on behalf of the Senate of the University of Warmia and Mazury in Olsztyn, along with the entire academic community, I extend heartfelt congratulations to you on being bestowed the distinguished title of Doctor Honoris Causa by the Maritime University of Gdynia.

This esteemed recognition is a testament to your remarkable body of work and your groundbreaking scientific and technological advancements, which have not only propelled your own success but have also greatly enhanced the quality of life for humanity.

I wish to express particular admiration for your pivotal role in the development of the GPS system, a monumental achievement that has revolutionized global navigation, communication, and geospatial data management. Your contributions have far surpassed expectations, touching numerous aspects of our lives, from facilitating rescues during natural disasters to optimizing resource allocation and fostering innovative forms of communication.

Please accept our heartfelt congratulations and our sincerest wishes for continued good health, personal fulfillment, and ongoing inspiration to future generations, encouraging them to strive for innovation and excellence.

Yours sincerely

**REKTOR**
